MYRON D. BIGGER, PEONY GROWER
R. R. 4, TOPEKA, KANSAS

I am offering the following list of peonies for sale at retail for the 1936 season. These varieties are all growing on our grounds and most of them have been for several years. We grow a lot of varieties that are not listed because they are not old enough to divide.

You are invited to visit us next blooming season and see all of these and many others including hundreds of seedlings of my own, in bloom at one time. We are also growers of many varieties of Iris and other plants.

-- T E R M S --

Cash with order unless you have established credit with me. Three for the price of two except those varieties marked "Net". Number before varieties is the rating given them by the American Peony Society, using 10 as perfection. All roots will be three to five eye, well balanced divisions. All roots guaranteed true to name and to be delivered in a good growing condition, but further than that we can not assume responsibility due to conditions out of our control.
